Combi Nest

Montessori
inspiration

The **new Combi Nest** is the first cotbed that converts into a nursery with a junior bed, desk, two bedside tables and an optional **Montessori** bed.

Combi Nest is customizable, practical and versatile. It is a complete nursery that allows different options of use and features a special rounded design perfect to prevent possible bruising.

In the first months, baby rests safely in a large cotbed of 140 x 70 cm equipped with an easy to use single-handed dropside, to allow easy access to baby, that comes complete with a double safety device. This dropside is also equipped with an invisible sliding mechanism that prevents baby from being in contact with screws and other hardware.

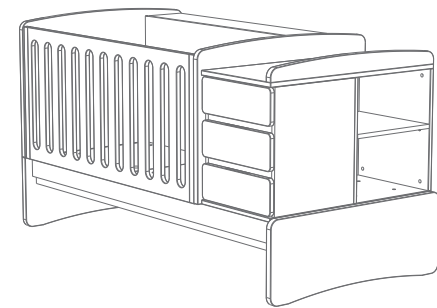

When baby grows, this cotbed can be converted to a Montessori-inspired bed of 190 x 90 cm that helps promote baby's autonomy by allowing him to climb up and down by himself. The desk and the two bedside cabinets will be perfect for baby's reading and playing space.

Later, you can convert it to a junior bed of 190 x 90 cm with a higher height to accommodate the growing child.

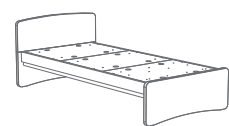

Combi Nest is made of high quality, sturdy and durable materials and the drawers of the bedside cabinet are fitted with a 'soft-close' brake mechanism to facilitate opening and closing.

To ensure baby's comfort and safety, this convertible cotbed is certified according to EN716:2008 +A1:2013 European child safety standard. This product is also manufactured to the finest quality and is certified according to ISO 9001 Quality System.

Mini Combi

The **new Mini Combi** offers the ideal solution for small nurseries. The practical convertible cot with a compact design and the dresser without handles are perfect for avoiding possible bruising.

In the first months, baby rests safely in a cot of 120 x 60 cm equipped with an easy to use single-handed dropside, to allow easy access to baby, that comes complete with a double safety device. This dropside is also equipped with an invisible sliding mechanism that prevents baby from being in contact with screws and other hardware.

When baby grows, this cot converts to a desk and, if you wish, you can add a junior kit and have also a Montessori-inspired bed of 190 x 90 cm that helps promote baby's autonomy by allowing him to climb up and down by himself.

Mini Combi is made of high quality, sturdy and durable materials and the drawers of the dresser are fitted with a 'soft-close' brake mechanism to facilitate opening and closing.

To ensure baby's comfort and safety, this convertible cot is certified according to EN716:2008 +A1:2013 European child safety standard. This product is also manufactured to the finest quality and is certified according to ISO 9001 Quality System.
