

TRAMA®

Quality nursery furniture

CUMPLIES WITH THE EUROPEAN SAFETY STANDARD FOR COTS EN716:2008 +A12013

The Bébécar Group is a multinational company with over 50 years experience in manufacturing baby products, using the latest technology and producing high quality articles, which comply with the highest safety standards.

Trama presents its latest nursery furniture new releases: cots, wardrobes, chests of drawers, dresser-baths and accessories. Trama guarantees the quality of its products with a thorough control of the production processes.

Trama is a certified company according to ISO 9001 Quality System and internationally known through IQ Net.

In addition to all these procedures, Trama takes care of every single detail to provide your baby with high quality materials and the development of products with unique designs certified in compliance with the most demanding European safety standards for children.

Trama's top priority is baby's comfort and safety.

Trama fulfills its responsibility regarding the proper management of packaging and packaging waste, having joined the Integrated Packaging Management and obtained the Green Dot.

Trama has its own After-Sales Service department at your diposal for any questions or inconvenience that may arise. Trama ensures the commitment of service after the purchase of its products.

Confort for your baby with the highest quality **SAFETY**

Cots and dresser-baths are complete The stability of dresser-baths, chests of drawers and wardrobes is with lockable swivel castors for improved safety and comfort. guaranteed with a specific security

system to prevent accidental falling.

The Petite Maison cot is equipped with a single-handed dropside with invisible sliding mechanism for an even cleaner and sleeker look.

For added security all products are manufactured with non-toxic paints and varnishes and present no sharp

All cots are equipped with an easy to use single-handed dropside, to allow easy access to baby, that comes complete with a double safety device.

The locking system featured in the dropside is automatically operated, when in the opened and closed positions, in compliance with EN716: 2008 + A1: 2013 standard.

COSLEEP

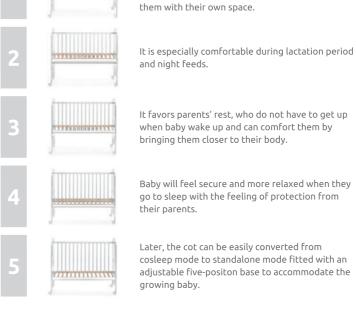

Sleeping next to baby giving them their own space

Sleeping next to baby is an increasingly common option. If that is also what you wish for, Trama offers you cosleep cots with an optional Cosleep Kit, a simple, unique and safe system through which you can install the cot next to your bed and, at any time, convert it to standalone mode.

The cots in this collection can have up to 3 different base heights and up to 5 when assembled with the optional Cosleep Kit, making it easier to adapt to the height of all types of beds.

The Cosleep Kit includes: a straps' system to securely attach the cot to the parents' bed under the mattress, a melamine supplement with hardware and, for a more uniform attachment, a

foam mattress.

The cosleep mode facilitates the contact with the baby and you can enjoy the benefits of sleeping

tranquilly next to baby knowing you are providing

SIDE **PROTECTOR**

From 3 to 5 years approx.

Day after day, your baby grows older and wants to be independent even when it is time to go to sleep alone and, for that, there is the Side Protector Ref.07187, which adapts to all our cots, except for the Artech, Stella and Evo models.

Also available is the Side Protector Ref.07197. which adapts to all of our cot beds, with the exception of the Gala and Stella models.

Ref. 11011 Shown in: Fir

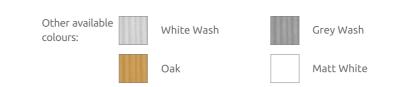

The Safety Gate blocks access to a potentially dangerous room of the house, creating a safe play area for children. It installs easily with a 4-point pressure system without having to drill door frames or walls.

It offers a real comfort, because it opens both ways, it is activated with one hand and closes automatically.

The Safety Gate (without extensions ref.11011) is adjustable from 67,5 cm to 73,5 cm. It also allows the adaptation of an optional single extension kit (ref.11021) to fit several openings.

For added safety, it is equipped with a locking device and complies with the European Safety Standard EN 1930: 2000.

Foldable desk, made of solid pine. The rotating top can also be used as chalkboard.

The small size and swivel castors of the Combi Cradle allow easy transportation through doors and room in the house. The cosleep mode facilitates the contact with the baby and is especially comfortable during night feeds.

It can be easily converted from cosleep mode to standalone mode, allowing baby to sleep next to parents day and night.

Shown in cosleep mode, attached to parent's bed.

The Combi Cradle allows baby to sleep next to the parent`s bed, but gives them their own space. For cosleep mode, it includes adaptors that attach easily to the parent`s bed underneath the matress. The Combi Cradle is adjustable to 6 height positions.

The Combi Cradle is convertible and can be used later as toy box.
